### Product(s) Description Sheet

<b>Product Description:</b>	<b>DefiSign – Semi Automatic AED</b>
<b>Order Code:</b>	<b>#Si16 (AED_DS-SA)</b>
<b>Price:</b>	<b>£1411.20 + vat</b>

**Non-stocked item. Usually dispatched within 4 weeks**

- ✓ Semi-automatic defibrillator (AED) for treatment of Sudden Cardiac Arrest (SCA)
- ✓ 10 Years manufacturer warranty
- ✓ Semi-automatic defibrillator - The unit detects heart rhythm and if needed will advise administering a shock via the push of a button.
- ✓ Clear instructions - The device starts working as soon as the front cover has been opened, providing rescuers with voice instructions, guiding through each step of the rescue, supported by images which are highlighted using LED lights.
- ✓ Always ready for use - The device performs a daily or weekly self-tests to check battery and pads for readiness. The AED automatically alerts you when the electrodes or battery need to be replaced. If a problem is detected during the test, an audible alarm is emitted, the LED status light stops blinking and a Service LED light turns on.
- ✓ Pads - Adult defibrillation pads are pre-connected to save valuable seconds in an emergency. For a baby/child (up to 25 kg), paediatric electrodes must be used, which can be stored on the back of the device. These paediatric electrodes automatically adjusts the energy level of the shock to accommodate a child's smaller body.
- ✓ Rugged design - High dust and water resistance, IP55, so the device can be hung inside or outside, i.e. in a kitchen, living room, swimming pool, office or industrial environment.

- ✓ Multilingual - The unit has the ability to store three interchangeable languages. It comes with a standard pre-installed language package consisting of English, Polish and German, with more combinations possible. At the touch of a button, the language can be changed to any one of the set languages, even during the resuscitation process.
- ✓ Shelf life - Adult defibrillation pads: Minimum 2 years. Battery pack: 6 years

**Contents:**

- 1 x DefiSign Life Semi-Automatic Defibrillator
  - 1 x Lithium battery
  - 1 x Pair of adult defibrillator pads
  - 1 x Rescue kit
- ✓ **Dimensions:** 31 x 25.5 x 10 cm
  - ✓ **Weight:** 2.5 kg with battery and standard accessories
  - ✓ **Dust / water resistance:** IP55 (protection against dust and water jets)
  - ✓ **Energy selection (Adult):** 150 - 200 Joules
  - ✓ **Energy selection (child):** 50 Joules
  - ✓ **Infant / child capability:** Infant / child pads sold separately.
  - ✓ **Internal memory:** The device is equipped with an internal memory, ECG signal recording (2 hours) and technical events (500 events), so during the intervention, data can be saved.
  - ✓ Unit has a SD card slot in order to retrieve the data via SD card.

<b>Product Description:</b>	<b>ZOLL 3 – Semi Automatic AED</b>
<b>Order Code:</b>	<b>#Si42 (AED_ZOLL-3-SA)</b>
<b>Price:</b>	<b>£2030.40 + vat</b>

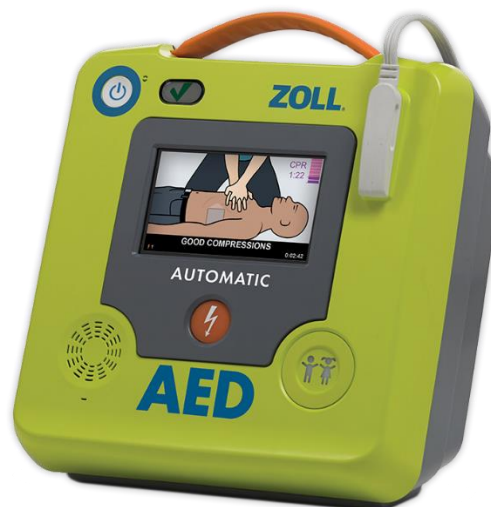

The ZOLL AED 3 defibrillator provides:

- ✓ Enhanced Real CPR Help, featuring a full-color display with vivid rescue images, CPR cycle timer, and a large color bar gauge that shows CPR compression depth.

- ✓ RapidShock Analysis™ enables the industry's shortest rhythm analysis for more continuous life-saving CPR.
- ✓ CPR Uni-padz™ electrodes can be used on both adult and pediatric patients, so there is no need for two separate sets of pads.
- ✓ Cloud connectivity that can automatically report AED readiness.
- ✓ 5-year shelf life for pads and batteries increases readiness and decreases frequency of maintenance.
- ✓ Carry case NOT included – this is sold separately.

<b>Product Description:</b>	<b>ZOLL 3 – FULLY Automatic AED</b>
<b>Order Code:</b>	<b>#Si43 (AED_ZOLL-3-FA)</b>
<b>Price:</b>	<b>£2044.80 + vat</b>

The ZOLL AED 3 defibrillator provides:

- ✓ Enhanced Real CPR Help, featuring a full-color display with vivid rescue images, CPR cycle timer, and a large color bar gauge that shows CPR compression depth.
- ✓ RapidShock Analysis™ enables the industry's shortest rhythm analysis for more continuous life-saving CPR.
- ✓ CPR Uni-padz™ electrodes can be used on both adult and pediatric patients, so there is no need for two separate sets of pads.
- ✓ Cloud connectivity that can automatically report AED readiness.
- ✓ 5-year shelf life for pads and batteries increases readiness and decreases frequency of maintenance.
- ✓ Carry case NOT included – this is sold separately.

<b>Product Description:</b>	<b>ZOLL AED PLUS – FULLY Automatic</b>
<b>Order Code:</b>	<b>#Si45 (AED_ZOLL-AED+FA)</b>
<b>Price:</b>	<b>£1699.95 + vat</b>

**Due to current circumstances, we are out of stock of this product, and we have been recently advised there is a potential lead time of upto 20 weeks, but this is subject to change.**

- ✓ Suitable for use by BLS and medical trained professionals
- ✓ Provides real time feedback on the rate and depth of chest compressions using ZOLL's unique Real CPR Help® technology, clinically proven to significantly improve the survival rates from cardiac arrest
- ✓ Supports the UK Resuscitation Council's entire Chain of Survival, with easy-to-understand audio prompts and illustrations
- ✓ Once installed, the AED Plus has the lowest total cost of ownership. Unless used, there is nothing to replace or buy for five years
- ✓ Easy to place one piece electrode providing more time to focus on the rescue
- ✓ Intelligent paediatric capability automatically analyses a child's ECG when paediatric electrodes are connected
- ✓ The specially designed lid for the AED Plus can be placed under the shoulders of the patient to help maintain an open airway
- ✓ Automated self testing every 24 hours to ensure a constant state of readiness
- ✓ Powered by 10 x CR123A lithium Duracell or Sanyo batteries with redundant battery circuitry so if one fails the other will kick in

- ✓ Seven year warranty (five years as standard, two years free upon registration of device).
- ✓ Contents: Defibrillator, soft carry case, ten batteries, CPR-D-padz electrodes with first responder kit and operator's guide.

<b>Product Description:</b>	<b>ZOLL Carry Case</b>
<b>Order Code:</b>	<b>#Si44 (AED_ZOLL-3-C.C.)</b>
<b>Price:</b>	<b>£161.28 + vat</b>

- ✓ Designed for use with the ZOLL AED 3 Defibrillators
