Order Code:	#Si61 (MIR-QD_AL-1) – TYPE 1 #Si62 (MIR-QD_AL-2) – TYPE 2
Price:	£269.95 + vat (type 1) £330.95 + vat (type 2)

FRAME - Type 1 = Polycarbonate | Size = 300 x 300 mm | 2.5 Kg
FRAME - Type 2 = Stainless Steel | Size = 250 x 250 mm | 3 Kg

- ✓ Developed to meet the stringent requirements of the UK Home Office, London Metropolitan Police and the Prison Service, these **quarter dome anti-ligature corner mirrors** are secured by design accredited and are widely used in hospital psychiatric wards, prisons and police stations, where they are used to help to prevent surprise attacks or collisions, aiding staff, patient and inmate safety.
- ✓ The frames being manufactured from either stainless steel or polycarbonate, these mirrors are unbreakable, making them the preferred option for high security environments or where vandalism is a risk.
- ✓ The mirrors face has a highly polished finish to ensure the delivery of bright, sharp reflections.
- ✓ The rigid frames are finished with a durable baked on powder coat paint for a long easy clean life and bolts to the walls and ceiling to prevent removal.
- ✓ The quarter dome anti-ligature mirror is designed to be **corner mounted** at right angle corners to provide 90° vision.

- ✓ It is recommended that an anti-pick sealant be used to eliminate any gaps between the mirror frame and wall or ceiling.

Product Description:	Ceiling-Dome Anti-Lig Mirror
Order Code:	#Si63 (MIR-CD_AL)
Price:	£589.95 + vat

FRAME - Type = Stainless Steel | Size = 500 mm diameter | 4 Kg

These mirrors are improving surveillance, eliminating blind spots. Our **anti-ligature stainless steel ceiling dome mirrors** support safety and security in challenging environments.

These high-quality mirrors are secured by design accredited and are specifically designed to ensure the protection and safety of staff, patients, inmates and visitors in a wide range of environments.

These mirrors are approved and used by the UK Home Office, Metropolitan Police and HM Prison Services among others. They are designed to provide a clear 360-degree view and to meet to most stringent of requirements.

Key Points

- The Anti-ligature ceiling dome is manufactured from highly polished stainless steel.
- Delivers crisp bright images.
- It's ideal for use in locations that require wide area surveillance.

- Being manufactured from polished steel, it is unbreakable, unaffected by heat and easy to clean.
- Helps to prevent surprise attacks or collisions.
- Improves staff, patient, and inmate safety.

Applications

When bolted directly to the ceiling this full dome mirror is ideal for use in cells, day rooms, visitor areas or any other area that requires wide area surveillance.
